## Earn your undergraduate certificate in Construction Management

*This program is accredited by the Higher Learning Commission. Credits from this certificate can be applied toward a Bachelor of Science in Project Management.*

Gain the practical skills needed to successfully plan, manage, and complete construction projects. CSU Global's undergraduate certificate in construction management provides you with the skills to thrive in a fast-growing, highly technical industry.

After earning your certificate, you'll be prepared to:

- **Apply cost estimation methods** and perform accurate quantity takeoffs
- **Evaluate and select** construction materials for specific project needs
- **Implement quality management processes** based on industry standards
- **Integrate sustainable development principles** into project planning and execution

**#2**

**Fastest Online Degree Programs in 2023,**  
Best Accredited Colleges
