Earn your Bachelor of Science in Operations and Supply Chain Management

Accredited by the Higher Learning Commission, this program is aligned with APICS, The Association for Operations Management, including the Certified in Production and Inventory Management (CPIM) and Certified Supply Chain Professional (CSCP) certifications.

In today's global economy, the demand for skilled operations and supply chain professionals is growing rapidly. CSU Global's B.S. in Operations and Supply Chain Management prepares students with the skills needed to streamline processes, manage logistics, and optimize supply chains for real-world success.

Students in this program:

- **Master** systems for world-class operations, including finance, quality, and logistics management.
- **Apply** leadership and critical thinking skills to enhance organizational performance.
- **Analyze** laws, ethics, and contracts to improve processes and ensure compliance.
- **Evaluate** logistics, materials, and inventory systems to boost efficiency.
