Commencement

Spring | 2025

Thursday | June 12

The President's Charge

CSU Global Graduates,

Congratulations! Today marks a significant personal achievement and we are truly honored to celebrate it with you.

Your tenacity, dedication, and confidence has led you to this pivotal moment in earning your degree. Those late nights, weekends, and early mornings spent toward your schoolwork, all while balancing life's many responsibilities, are evidence of your hard work and perseverance.

You've arrived here today with a valuable set of skills in your field of study gained from workplace-applied assignments, tools, course discussions, textbooks, and research papers. You've also honed your ability to manage your time, think critically, make decisions within complex circumstances, build relationships, and, most importantly, you have demonstrated what it takes to reach your goals no matter how daunting they may seem. For that, and so much more, we applaud you!

As you step into the future, we hope you will join the CSU Global Alumni Association and continue to stay connected with us for professional development, community support, career and mentorship programs, and networking opportunities.

Along with the entire faculty and staff of CSU Global, I feel very fortunate to celebrate your accomplishment with you. We thank you for choosing us as your partner in your educational journey and look forward to following your success well into the future.

With admiration and pride,

A handwritten signature in black ink, appearing to read "Becky Takeda-Tinker". The signature is fluid and cursive, with the first name "Becky" being more prominent and the last name "Takeda-Tinker" following in a similar style.

Keynote Speaker

Michelle Lucero

Speaker, Adventure Seeker, People-Lifter

Michelle is a fearless lover of life who lives louder, bolder, and bigger than most of us even dream. She doesn't just talk about adventure— she *IS* the adventure.

She's led teams, top organizations, and communities through real growth—with a whole lot of courage, urgency, strategy, and humor. Whether she's swimming with sharks or outsmarting them in the boardroom, Michelle knows how to take risks, crush challenges, and bring others along for the ride.

After 12 years in the C-Suite at Children's Hospital Colorado as Chief Administrative Officer, General Counsel, and the self-appointed (and still undefeated) Chief Flashmob Officer (a role she still boasts), Michelle stepped into her "Act II" as a strategic advisor, executive coach, motivational speaker, and corporate board member. Before that? She crushed it at Centura Health, US West, Graphic Packaging, Denver Health, and the City & County of Denver.

Michelle's community leadership runs just as deep, serving on nonprofit boards such as the Boettcher Foundation, Latino Community Foundation of Colorado, MSU Denver, the Papua New Guinea Tribal Foundation, and many more. Wherever there's a chance to lift others higher, Michelle shows up, and she shows up big.

Blending a lifetime of leadership lessons, business chops, global adventures, and unstoppable energy, Michelle is here to push you past your fear, ignite your courage, and remind you that your best life doesn't come from playing it safe. It comes from living and leading, full tilt.

Graduates and Graduation Candidates are as of August 2025. The appearance of a name in this program should not be construed as an indication that the person has received a degree from Colorado State University Global. Conversely, the absence of a student's name herein does not necessarily mean that the person has not been awarded a degree from Colorado State University Global. The student's transcript is the official record of the university, degree, and honor conferral.

CSU Global Mission & Vision

Mission Statement

Colorado State University Global is committed to advancing student academic and professional success in a global society, by providing access to dynamic education characterized by excellence, innovative delivery technologies, industry relevance, and strong stakeholder engagement.

Vision Statement

CSU Global is the premier provider of innovative, higher learning opportunities for modern learners around the world.

About CSU Global

Colorado State University Global (CSU Global) was created to fit into the busy lives of working adults and to facilitate career advancement through bachelor's degree and master's degree programs, specializations, certificates, and courses in career-relevant fields. As a mission-driven university focused on student success and the increased accessibility and return-on-investment from higher education, CSU Global is proud of its unique position, innovative tools, comprehensive online learning platform, and expert faculty members who are recognized as leaders in their fields of study and specially trained to teach modern learners in an online environment.

CSU Global was established in 2007 by the Colorado State University System (CSUS) Board of Governors to meet the educational needs of post-traditional, modern learners in Colorado and beyond. In 2008, CSU Global became the nation's first 100% online, accredited, statutorily independent university. Today, CSU Global has conferred more than 37,000 undergraduate and graduate degrees and certificates.

The university is proud of its top nationwide rankings and its global recognition as one of today's most innovative and advanced higher education institutions. A high level of student satisfaction and student achievement is evident in the university's above-average retention rates, its continually increasing enrollment through referrals, and its significant percentage of alumni working for above-average pay. As the university strives to accomplish the vision and mission originally established by the CSUS Board of Governors, its student diversity has helped to ensure a unique global community of freely expressed ideas and thought-provoking learning.

Colorado State University Global Commencement

Spring | 2025

Colorado State University Global (CSU Global) was created by the Colorado State University System Board of Governors in 2007 as the first 100% online, accredited state university in the United States. CSU Global is focused on facilitating adult success in a global marketplace through career-relevant education, including bachelor's degree and master's degree and certificate programs. Embracing the land grant heritage as part of the Colorado State University System, CSU Global sets the standard for quality and innovation in higher education through its expert faculty, trained in working with adults in an online learning environment, and through its dedication to student retention, graduation, and workplace success.
